

Grants by Grant Cycle

Grants matching your search for 2015-16 *Local Government Waste Tire Enforcement Grants (TEA23)*

Alameda County

Grantee: Alameda County

Amount Awarded: \$360,375.00

Grantee Contact: Mr. Paresh Khatri

CalRecycle Grant manager: Phanessa Fong

Project Summary: The grant funds will be utilized by Alameda County Department of Environmental Health to implement the Waste Tire Inspection Program in Alameda County with the exception of the City of Berkeley. This will include conducting periodic inspections for compliance with waste tire regulations, report/payment request preparation, and referral of non-compliant facilities to CalRecycle for enforcement.

Total Awarded for County:\$360,375.00

Butte County

Grantee: Butte County

Amount Awarded: \$47,073.00

Grantee Contact: Mr Scot Johnson

CalRecycle Grant manager: Phanessa Fong

Project Summary: Grant funds will be used to inspect waste tire generators, locate and cleanup small illegally dumped waste tires and conduct enforcement of unregistered waste tire haulers.

Total Awarded for County:\$47,073.00

Calaveras County

Grantee: Calaveras County

Amount Awarded: \$46,006.00

Grantee Contact: Mr. Paul Eades

CalRecycle Grant manager: Phanessa Fong

Project Summary: The enclosed grant budget outlines our enforcement needs that will allow for the continued implementation of an effective enforcement program within Calaveras County. Many of our generators require assistance throughout the year with manifesting, storage requirements and general questions which requires additional travel time. Five of our generators are located in the higher elevations (snow areas), which typically require additional travel time to maintain safety. It must be noted that this not only increases inspection but surveillance time as well. Many of our routine surveillance areas are more than 1½ hours away from the office.

It is vital to our enforcement program to have the necessary funds available to continue an aggressive surveillance and educational campaign. Many of our surveillance areas are only accessible during the dryer months, while others warrant one visit per year as they are so remote. We typically see higher rates of illegal dumping in the cooler months in the more remote areas. This may be due in part to firewood cutting, camping activities and the production of illegal narcotics. It is imperative to our Waste Tire Program to have the necessary funds available to perform the above mentioned rural surveillance activities in addition to performing routine inspections..

Total Awarded for County:\$46,006.00

Contra Costa County

Grantee: Contra Costa County

Amount Awarded: \$139,047.00

Grantee Contact: Jeff Tipton

CalRecycle Grant manager: Phanessa Fong

Project Summary: This grant will be used to conduct waste tire inspections and other enforcement actions, train employees on waste tire regulations and enforcement and educate waste tire operators, other enforcement agencies, and the general public on the requirements for handling, disposing and storage of waste tires.

Total Awarded for County:\$139,047.00

El Dorado County

Grantee: El Dorado County

Amount Awarded: \$57,856.00

Grantee Contact: Mr. Greg Stanton

CalRecycle Grant manager: Phanessa Fong

Project Summary: El Dorado County Community Development Agency Environmental Management Division respectfully requests TEA 23 grant funding to continue to implement a used tire inspection and enforcement program. There are currently 149 active facilities with Tire Program Identification numbers (TPIDs) in El Dorado County. The majority of the requested funds will be used to conduct routine facility compliance inspections. The remainder of the requested funds will be used for inspector training, attending TEA round-tables, equipment, facility education, transportation expenses, and administrative time related to the program.

Total Awarded for County:\$57,856.00

Fresno County

Grantee: City of Fresno

Amount Awarded: \$282,253.00

Grantee Contact: Ana Manzula

CalRecycle Grant manager: Phanessa Fong

Project Summary: Grant will be used for continued inspection and enforcement of waste tire generators, waste tire haulers, and waste tire end-use facilities in accordance with CalRecycle regulations for the disposal and storage of waste/used tires. Inspections will be conducted at businesses currently registered with CalRecycle for the disposal and storage of waste/used tires. Educational visits will be conducted on new businesses generating, storing, and disposing of waste/used tires. Surveillance will be conducted as needed when illegal dumping of waste tires is suspected by a generator, hauler, and end-use facility. This program has aided the City of Fresno in the removal of waste tires and blight caused by illegal dumping and storage of waste tires.

Grantee: Fresno County

Amount Awarded: \$300,000.00

Grantee Contact: Ms. Janet Gardner

CalRecycle Grant manager: Phanessa Fong

Project Summary: The goal of the Waste Tire Program is to promote compliance with State and local regulations as it pertains to the collection, handling, storage and disposal of waste tires in an effort to protect the air, water, and land from pollution and to ensure public health and safety.

The Fresno County Department of Public Health, Environmental Health Division, proposes to utilize FY 2015-16 Waste Tire Grant funds for staffing, training and equipment needs associated with continuing the County's Enforcement Program Plan.

Total Awarded for County:\$582,253.00

Imperial County

Grantee: Imperial County

Amount Awarded: \$106,292.00

Grantee Contact: Lars Seifert

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Imperial County LEA intends to utilize the requested Tire Enforcement Grant funds to continue a comprehensive education and enforcement program to ensure that registered waste tire haulers are utilized for the transport of used or waste tires; that waste tire generators comply with disposal manifesting, permitting, and waste tire storage standards as applicable; and that illegal dumping of waste tires is prevented. The objective of the tire enforcement agency program is to conduct compliance inspections to eliminate potential public health and safety risks associated with improperly managed waste tires within Imperial County.

Total Awarded for County:\$106,292.00

Kern County

Grantee: City of Bakersfield

Amount Awarded: \$51,425.00

Grantee Contact: Mrs Melanie Dunwoody

CalRecycle Grant manager: Phanessa Fong

Project Summary: CalRecycle has edited the following summary to reflect the approved grant project: The City of Bakersfield's Waste Tire Enforcement Program will implement an inspection and compliance program that:

1. Educates waste tire generators within our jurisdiction on their responsibilities to comply with applicable laws;
2. Surveys Waste Tire Facilities and confirms that generators are using authorized waste tire haulers, properly maintaining CTLs; and fulfilling the WTF requirements;
3. Identifies and reports sites that may be in violation of WTF storage standards;
4. Initiates enforcement action against facilities that are in non-compliance by issuing a Notice of Violation (NOV);
5. Refers facilities that continue to be in non-compliance after the issuance of a NOV to CalRecycle staff;
6. Identify and investigate existing sites where waste tires have been illegally dumped; and
7. Obtains and submits the necessary information required for monthly reporting through WTMS to CalRecycle.

The activities described above are an effective way to address the City of Bakersfield's need to educate tire dealers and auto dismantlers of their responsibilities and reduce the illegal disposal of waste tires. The program will be comprehensive, informative and allows for enforcement action when necessary. It provides for correcting of waste handling problems, reducing long-term disposal problems, identifying illegal waste tire haulers and encouraging compliance.

Grantee: Kern County

Amount Awarded: \$138,979.00

Grantee Contact: Doyle Sprick

CalRecycle Grant manager: Phanessa Fong

Project Summary: Kern County has a large agricultural area from fields, orchards, to farms and ranches. Historically these rich and fertile grounds have been soiled by illegal dumping of tires and other trash, junk and debris. After 6 plus years of Code and Tire enforcement, local farmers and ranchers are reporting the Waste Tire Program is a success and they're dealing with less dumped tires on their valuable lands. Funds for this program is important to the continued success of the Waste Tire Program. This grant helps the ability to find and investigate new waste tire generators and haulers that may be operating illegally.

Total Awarded for County:\$190,404.00

Los Angeles County

Grantee: Los Angeles County

Amount Awarded: \$600,000.00

Grantee Contact: Eric Morofuji

CalRecycle Grant manager: Phanessa Fong

Project Summary: CalRecycle has edited the below summary to reflect the approved grant project: Grant Funds will be used for personnel and equipment costs to inspect and enforce the State's Minimum Standards for handling, storage, and disposal of waste and used tires in the County of Los Angeles. TPIDs for the City of Lancaster has been added due to the City of Lancaster not applying for the TEA23 cycle.

Total Awarded for County:\$600,000.00

Madera County

Grantee: Madera County

Amount Awarded: \$175,891.00

Grantee Contact: Eric Yancy

CalRecycle Grant manager: Phanessa Fong

Project Summary: Perform waste tire inspections to ensure compliance with all applicable laws and regulations, including the manifest system. Inspections will be followed up with appropriate compliance actions to ensure that operators are complying with all waste tire regulations. Also investigate and conduct surveillance for illegal tire disposal activities within our jurisdiction.

Total Awarded for County:\$175,891.00

Marin County

Grantee: Marin County

Amount Awarded: \$45,907.00

Grantee Contact: Carly Williams

CalRecycle Grant manager: Phanessa Fong

Project Summary: CalRecycle has edited the following summary to reflect the approved grant project: The requested grant funds will be expended conducting routine inspections of waste tire generators and haulers, as well as follow-up inspections and enforcement and educational activities, when necessary, and referrals from CalRecycle. In addition, grant funds will be used for mandatory training activities for waste tire grantee staff. If sufficient training funds are available, they may also be used for non-mandatory, but pertinent training as well, with prior approval by CalRecycle staff.

Total Awarded for County:\$45,907.00

Mendocino County

Grantee: Mendocino County

Amount Awarded: \$24,630.00

Grantee Contact: Trey Strickland

CalRecycle Grant manager: Phanessa Fong

Project Summary: CalRecycle Waste Tire Enforcement Grant funds will be used to implement the waste tire program locally in Mendocino County and provide oversight to the businesses in our county generating & handling waste tires.

Total Awarded for County:\$24,630.00

Merced County

Grantee: Merced County

Amount Awarded: \$139,561.00

Grantee Contact: Ms Lizabeth Smith

CalRecycle Grant manager: Phanessa Fong

Project Summary: Waste Tire Enforcement activities in Merced County.

Total Awarded for County:\$139,561.00

Monterey County

Grantee: Monterey County

Amount Awarded: \$71,152.00

Grantee Contact: Elizabeth Cardon

CalRecycle Grant manager: Phanessa Fong

Project Summary: CalRecycle has edited the following summary to reflect the approved grant project: Grant monies will be used to fund the existing Waste Tire Enforcement Program, which includes conducting routine waste tire inspections, surveillance and enforcement, community education, attending round table events and other training required by CalRecycle, and to purchase equipment and supplies needed to conduct the program activities.

Total Awarded for County:\$71,152.00

Napa County

Grantee: Napa County

Amount Awarded: \$80,000.00

Grantee Contact: Greg Pirie

CalRecycle Grant manager: Phanessa Fong

Project Summary: Investigate illegal tire disposal activities and perform waste tire inspections to ensure compliance with all applicable laws and regulations.

Total Awarded for County:\$80,000.00

Nevada County

Grantee: Nevada County

Amount Awarded: \$35,823.00

Grantee Contact: grant eisen

CalRecycle Grant manager: Phanessa Fong

Project Summary: The grantee will maintain waste tire enforcement activities for this jurisdiction. These activities include, but are not limited to, inspection of inventoried sites, identification of businesses that need to be on the TPID inventory, surveillance for illegal disposal sites and unregistered haulers, and achieving compliance through education and, if necessary, enforcement. Further, the grantee will investigate referrals from CalRecycle or other agencies and pursue placement of motion detection cameras to apprehend illegal dumpers.

Total Awarded for County:\$35,823.00

Orange County

Grantee: Orange County

Amount Awarded: \$382,581.00

Grantee Contact: Terry Carrier

CalRecycle Grant manager: Phanessa Fong

Project Summary: Orange County will use these grant funds to investigate illegal tire disposal activities and perform waste tire inspections to ensure compliance with all applicable laws and regulations. Funds will also be used for community and industry education, staff training and administration of the grant.

Total Awarded for County:\$382,581.00

Placer County

Grantee: Placer County

Amount Awarded: \$201,268.00

Grantee Contact: Samantha Bailey

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Waste Tire Enforcement Grant will allow Environmental Health to perform waste tire inspections, identify unpermitted waste tire activities, and provide enforcement for illegally dumped tires within Placer County.

Total Awarded for County:\$201,268.00

Riverside County

Grantee: Riverside County

Amount Awarded: \$600,000.00

Grantee Contact: Manuel A. Acueto

CalRecycle Grant manager: Phanessa Fong

Project Summary: Grand funds will be utilized to inspect tire-related businesses and ensure entities within the county are storing/hauling used and waste tires correctly pursuant to California law. These funds will augment local/regional enforcement efforts by seeking to prevent the unlawful stockpiling/dumping of waste tires. This goal is accomplished by allowing personnel to be dedicated to the task of ensuring waste tires reach an appropriate end use facility by educating business owners as to proper disposal methods and referral of offenders to the appropriate State/local authorities.

Training will be provided to assure County employees are kept up to date with new requirements of the State. Staff will also attend safety training of perishable skills.

Equipment requested will be utilized to assure the employee is well prepared when conducting inspections.

Direct Admin funds will be used to supervise the total operation of the grant to assure all tasks are met.

Total Awarded for County:\$600,000.00

Sacramento County

Grantee: Sacramento County

Amount Awarded: \$343,853.00

Grantee Contact: Jeff Czaplá

CalRecycle Grant manager: Phanessa Fong

Project Summary: Funds will be used for inspection of waste tire generators and haulers, surveying for new waste tire businesses, investigating illegal hauling and dumping complaints, and providing education to the public and businesses. Funds will also be used for additional staff training, and to prepare reports for submittal to CalRecycle.

Total Awarded for County:\$343,853.00

San Bernardino County

Grantee: City of Victorville

Amount Awarded: \$62,482.00

Grantee Contact: Jorge Duran

CalRecycle Grant manager: Phanessa Fong

Project Summary: The City of Victorville is located in the Mojave Desert area approximately 1 hour from the heavily populated Los Angeles, Orange County, Inland Empire areas and 2 hours from the growing Las Vegas area. The City is surrounded by a vast amount of desert land and has three major highways that intersect within the City (I-15 Freeway, CA Highway 18/138, and US Highway 395). Due to the surrounding geography, the City experiences a large amount of illegal dumping activity which includes illegally dumped tire piles of both general passenger and commercial type tires. The City is still growing and currently has 114 waste tire related businesses (identified via WTMS as active businesses). The City has and will use waste tire enforcement grant funds to establish a presence in our City and partner with the State to regulate the waste tire disposal process and minimize illegal dumping through surveillance, enforcement, and administrative actions. Funds will also aid our assigned staff to provide them with office and small field supplies/equipment to carryout grant inspection, surveillance, and education tasks. Our primary goal when utilizing grant funds is to inspect all waste tire generators and haulers within our jurisdiction during the grant period. Additionally, we will partner with businesses to ensure that all waste tires are manifested utilizing the forms provided by CalRecycle and encouraging them to report those who illegally dispose of tires. In administering the grant, the City of Victorville will prioritize its activities to mirror those established in the grant terms/conditions and procedures: inspection, waste tire hauler and manifest compliance, monitoring illegal disposal activities, small pile cleanup, education, and awareness.

Total Awarded for County:\$62,482.00

San Diego County

Grantee: City of San Diego

Amount Awarded: \$203,713.00

Grantee Contact: Daron Warkentin

CalRecycle Grant manager: Phanessa Fong

Project Summary: The City of San Diego Regional Waste Tire program will be using grant funds to continue implementing inspections, enforcement, and education to over 1,100 Active waste tire generating businesses. In 2007, the City began inviting neighboring cities to participate in the grant program in order to achieve better regional compliance. Today, the City is collaborating with four neighboring cities (Participating Collaborative Jurisdictions).

Total Awarded for County:\$203,713.00

San Joaquin County

Grantee: San Joaquin County

Amount Awarded: \$249,029.00

Grantee Contact: Michael Kith

CalRecycle Grant manager: Phanessa Fong

Project Summary: The goal of the San Joaquin County Environmental Health Department Waste Tire Program (EHD) is to protect public health, safety and environment with regard to waste tire facilities within its jurisdiction.

The EHD intends to use the TEA23 grant fund for all expenses associating with performing inspection of the waste tire facilities, investigating illegal dumping of waste tires in San Joaquin County, staff training, and administrative costs.

Total Awarded for County:\$249,029.00

San Luis Obispo County

Grantee: San Luis Obispo County

Amount Awarded: \$60,034.00

Grantee Contact: Ms. Tina Robella

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Waste Tire Enforcement Grant Program funding will support San Luis Obispo County's ongoing efforts to enforce CalRecycle's waste tire regulations, and allow the County to educate businesses and the public on how to handle waste tires in a safe and responsible manner.

Total Awarded for County:\$60,034.00

San Mateo County

Grantee: San Mateo County

Amount Awarded: \$78,724.00

Grantee Contact: Dan Rompf

CalRecycle Grant manager: Phanessa Fong

Project Summary: Perform waste and used tire inspections

Total Awarded for County:\$78,724.00

Santa Clara County

Grantee: Santa Clara County

Amount Awarded: \$104,815.00

Grantee Contact: Mr. Jim Blamey

CalRecycle Grant manager: Phanessa Fong

Project Summary: The goal of the County of Santa Clara Department of Environmental Health (DEH) is to protect public health, safety, and the environment in regard to proper storage, transport and use of waste tires within our jurisdiction.

The County of Santa Clara DEH intends to use TEA grant funds for activities directly related to inspection and administration costs for waste tire inspections as outlined in the grant procedures and requirements, and grant application guidelines and ongoing grant guidance from CalRecycle regarding waste and used tire activities.

Total Awarded for County:\$104,815.00

Solano County

Grantee: Solano County

Amount Awarded: \$150,316.00

Grantee Contact: Mr. Jagjinder Sahota

CalRecycle Grant manager: Phanessa Fong

Project Summary: Perform waste tire enforcement activities, including: inspecting waste tire generators and transporters; perform education and outreach; and perform enforcement activities.

Total Awarded for County:\$150,316.00

Sonoma County

Grantee: Sonoma County

Amount Awarded: \$160,035.00

Grantee Contact: Christine Sosko

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Waste Tire Enforcement Grant funding will be used for the enforcement, inspection and permitting of waste tire facilities and the movement and storage of waste tires within Sonoma County.

Sonoma County currently has 410 waste tire facilities and participates in multi-agency task force meetings to oversee the enforcement of waste tire regulations throughout the County.

Total Awarded for County:\$160,035.00

Stanislaus County

Grantee: City of Modesto

Amount Awarded: \$38,615.00

Grantee Contact: Ms KARIN RODRIGUEZ

CalRecycle Grant manager: Phanessa Fong

Project Summary: The City of Modesto is requesting \$38,615.00 in grant funding under TEA 23 to continue the success of previous grant cycles. There are approximately 122 tire businesses known to be in operation in Modesto and this grant funding will ensure that those facilities stay in compliance with all waste tire regulations. If awarded the grant funds requested, the City of Modesto will inspect all waste tire businesses within the city limits of Modesto for compliance with waste tire permitting, hauling, storage, disposal laws and regulations, and submit all inspection forms electronically for Cal Recycle for review. All reports will be completed and submitted in a timely manner according to the stated grant requirements. We will actively seek to make sure no new tire businesses are operating without the proper identification as licensed by the State of California. We will educate tire business staff on what is required of them and provide them the appropriate reference materials and information. We will conduct field patrols and follow up on all complaints and referrals on known and potential illegal dumping tire sites, especially in alleyways. City staff will attend all mandatory roundtables and technical trainings to keep abreast on all tire regulations.

Grantee: Stanislaus County

Amount Awarded: \$118,275.00

Grantee Contact: Robb Simas

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Waste Tire Enforcement Grant program allows Stanislaus County to administer a comprehensive waste tire enforcement program which includes the following elements: identification, documentation, education, and inspection of businesses involved in the generation, collection, transportation, and disposal of waste tires.

Currently, there are approximately 650 waste tire businesses in Stanislaus County and in the participating cities. The grant allows inspections of each of these tire facilities, tire dealers, auto dismantler, tire haulers, and other waste tire generators. The local enforcement of the waste tire regulations will emphasize the importance of proper disposal, reuse, and recycling of waste tires through the education and the regulation of generators, haulers, and end-user businesses.

Since the programs' inception in 2006, two (2) large tire piles containing over 20,000 have been cleaned up. Over 2,647 inspections of tire facilities and tire haulers have been conducted, with 29 notices of violations issued along with ten (10) referrals to CalRecycle for legal action.

If TEA 23 is awarded to Stanislaus County it will enable our jurisdiction to conduct 250 inspections, spend 200 hours on surveillance, investigate reported violations and respond to complaints of tire dumps.

Total Awarded for County:\$156,890.00

Tehama County

Grantee: Tehama County

Amount Awarded: \$50,624.00

Grantee Contact: Tim Potanovic

CalRecycle Grant manager: Phanessa Fong

Project Summary: The goal of our Waste Tire Program is to protect public health and the environment with regard to waste tires and facilities in Tehama County. TCEHD intends to use TEA 23 reimbursement grant funds for inspection, enforcement, outreach, training and management in order to accomplish these objectives.

Total Awarded for County:\$50,624.00

Tuolumne County

Grantee: Tuolumne County

Amount Awarded: \$37,289.00

Grantee Contact: Sheilah Lillie

CalRecycle Grant manager: Phanessa Fong

Project Summary: CalRecycle has edited the following summary to reflect the approved grant project: Funds from this grant will be used to implement our Waste Tire Enforcement Program. Program activities include completing inspections, providing education to existing and new waste tire generators and haulers, preparing reports, performing grant management duties, participating in trainings, and conducting surveillance and enforcement activities throughout Tuolumne County.

Total Awarded for County:\$37,289.00

Yolo County

Grantee: Yolo County

Amount Awarded: \$88,994.00

Grantee Contact: Hasan Moushumi

CalRecycle Grant manager: Phanessa Fong

Project Summary: The Local Government Waste Tire Enforcement Grant Funds will be used to conduct inspections at the waste tire facilities and to prevent illegal transport, storage and disposal of waste tires. Yolo County Environmental Health (YCEH) will keep local businesses and the community abreast of the current waste tire regulations. In addition, YCEH will submit progress reports to CalRecycle and attend mandatory and non-mandatory meetings and trainings.

Total Awarded for County:\$88,994.00

Yuba County

Grantee: Yuba County

Amount Awarded: \$93,776.00

Grantee Contact: Mr. Gary Cantwell

CalRecycle Grant manager: Phanessa Fong

Project Summary: Grant funds would be exclusively used for implementation of waste tire program in Yuba County, Sutter County, and participating jurisdictions. Funds will be used for inspections, administrative services, enforcement, surveillance, equipment, and training activities.

Total Awarded for County:\$93,776.00

Grant Count: 36 **Grand Total for Selected Counties: \$5,726,693.00**
